

The diagram shows a rectangular plate with a total width of 7.25 inches. Two horizontal lines represent the centerlines of the router mount holes. The distance between these two centerlines is 1.00 inch. The distance from the bottom centerline to the bottom edge of the plate is 2.00 inches. The text 'Router Mount Holes' is centered between the two horizontal lines. There are four circles, each containing a crosshair, representing the hole locations: two on the top line and two on the bottom line.
